8161.SIGNAL

Lufft Signal Tower with LED beacons, wall mounting bracket

| General                    |  |
|----------------------------|--|
| Dimensions                 | 160 x 50 x 45 mm   |
| Housing design             | Plastic  |
| Max. burden (resistor)     | 0.5 A/30 V: 500,000 cycle life span<br>0.3 A/30 V: 1,000,000 cycle life span |
| Display                    | 2 lines, 8 characters  |
| Weight                     | 200 g  |
| Storage temperature        | -30...70 °C  |
| Power supply               | 9...15 VDC, nominal 12 V, battery operation                                  |
| Connecting system          | COMBICON Phönix  |
| Power consumption active   | <60 mA   |
| Power consumption stand-by | <100 µA  |
| Operating temperature      | -30...60 °C  |
| Operating rel. humidity    | 0...95 % RH (non - condensing)   |
| Protection type            | IP42, with protection  |
